FIREARM SAFETY

APPROXIMATELY 70% OF MILITARY SUICIDE DEATHS INVOLVE THE USE OF A FIREARM.

PUTTING TIME AND DISTANCE BETWEEN A PERSON IN CRISIS AND A FIREARM MAY SAVE A LIFE.

HOW TO HELP

IF YOU'RE CONCERNED SOMEONE YOU KNOW IS AT RISK OF SUICIDE, OFFER TO HELP SAFELY STORE THEIR FIREARMS.

Please note that some local and state laws require weapon registration for legal storage; always follow the law in your jurisdiction.
